

Radiant Architectural Lighting provides innovative lighting for projects around the world.

For more information about the lighting systems used on this project, or any other solutions from our extensive range, please contact our team by telephone on + 44 (0) 20 8348 9003 or by Email at david@radiantlights.co.uk and we will be happy to discuss your project or arrange a meeting.

Hammersmith Apollo, London

Hammersmith Apollo foyer, London
Lighting design Jim Morse
Winner of the LUX Award for Hospitality and Leisure Lighting 2014

The Radiant 3D LED Flex 40 system, RGBW version, was used for the foyer cove in the refurbishment of the iconic deco design Hammersmith Apollo. Working closely with the lighting designer Jim Morse, Radiant developed a custom RGBW light engine with an individual 2,700 K white LED surrounded by the RGB LEDs to create precisely the required lit effect and colour tones. The same system was then also used in the curved ceiling cove details within the auditorium of the Apollo the following year.

Hammersmith Apollo auditorium, London

3D LED Flex 40 RGBW IP20
1 x array of 4 x Luxeon CZ LEDs with white reflector per module
Modular, 3D Flexible, interior, LED linear lighting system RGBW
Up to 5,500 Lumens per Mtr.
