Sculpture: '1 AM' by Colin Spofforth

Euclid 60 In-ground IP68
Buried LED linear lighting system IP68

Award-winning sculptures by artist Colin Spofforth at The Exchange in Aylesbury are enhanced thanks to lighting design by MBLD using a customised version of the Euclid 60 In-ground IP67 system.

Colin Spofforth's artworks are called '1 AM' and comprise three painted bronze sculptures.

The Euclid 60 In-ground IP68 system with high-power LEDs and elliptical beam lenses illuminate the sculpture from below.

A variety of anti-glare accessories can be added within the Euclid 60 system to control cut-off and improve visual comfort.
